## ANNUAL REPORT OF THE PRESIDENT

It is with great satisfaction that I am able to report that the work of the Hospital and Dispensary for the year ending November 5th, 1911, has continued to show progress in the wonderful results accomplished and in the financial condition, which shows an improvement over the previous year. These results have been due to the faithfulness and competency of each individual connected with this Institution—the membership, nevertheless, must be increased, in order to add to its list of supports, for the coming of a new year will naturally bring with it increased demands for the usefulness of the Hospital, as our growing waiting list for admission, and the constantly enlarging number of applicants for treatment in the Dispensary show, at this time.

As is demonstrated by the figures in the report of the Physician and Surgeon-in-Chief, the pressure on us for greater facilities is tremendous, and to take proper care of the patients, overcrowding this Institution, is the problem that now confronts us.

The following figures will show the remarkable progress of the Dispensary work, during the past five years:

1907	1,212 new cases,	9,471 treatments.
1908	1,423 “ “	15,963 “
1909	1,609 “ “	16,979 “
1910	2,079 “ “	25,290 “
1911	2,436 “ “	29,322 “

Dr. Jacobi told me a short time ago, after he had visited the Hospital, that it appeared a problem to him how we took care of such a number of patients with such limited capacity; so it is evident that we will have to close our doors against new patients, or increase our facilities.

In order to obtain the best results in connection with the treatment of our patients, a pathological laboratory is absolutely necessary. This means that a fund of at least \$50,000 will be required, and we must therefore not delay in bending every

effort to secure a much larger income than the Institution enjoys at present.

Our expenses the past year were \$45,264.42; our receipts were \$39,048.97, as will appear in detail in the Treasurer's report. During the past year our building fund indebtedness has been reduced to \$39,500. I sincerely trust that some means will be devised whereby this indebtedness will be wiped out in a short time.

A donation towards a country home for our chronic and convalescent patients has been received.

Alfred M. Heinsheimer donated \$10,000 towards the equipment and providing for the maintenance of our "Zander Room."

Contributions from various Masonic Lodges throughout the State and City of New York have been received, for endowing a perpetual bed of \$2,500, for all of which I wish to express my profound thanks.

Our annual entertainment at Arverne was provided by Mr. George Lederer, the financial success of which was greatly due to the efforts of Messrs. Kamber, Friedlander, Bernstein and Dr. Harry A. Goldberg, to whom I extend sincere thanks.

I herewith gratefully acknowledge the unfailing support and assistance rendered by the "Young Ladies' and Gentlemen's League," the "Ladies' Auxiliary," "Advisory Board," Miss Barden, our Superintendent, and the employees, for their unflagging zeal and devotion to their work.

I cannot let this opportunity go by without expressing a special word of thanks to Miss Jackson, who was a faithful and loyal worker for the Hospital for many years.

Before closing my report, I wish to tender my very best thanks to our efficient staff of Physicians and Surgeons, and lastly upon all the many well-wishers and helpful advocates whom it would be impossible to mention.

Respectfully submitted,

E. M. GATTLE,  
*President.*

## FIFTH ANNUAL REPORT OF THE PHYSICIAN AND SURGEON-IN-CHIEF

*To the Board of Directors, Ladies' Auxiliary, Advisory Board, Young Ladies' and Gentlemen's League, and Members of the Hospital for Deformities and Joint Diseases.*

*Ladies and Gentlemen:—*

It is with a great deal of pleasure that I submit herewith my fifth annual report as Physician and Surgeon-in-Chief.

After the purchase of 1915 Madison Avenue, the adjoining building, in April, 1910, we devoted the summer to the alteration of that and the original Hospital buildings, so as to give us a capacity of fifty-seven beds, as permitted by the State Board of Charities.

We have arranged by means of portable beds to keep some of the tubercular children on the balcony both day and night. Our present balconies, which are six by sixty feet, affords a number of the children and adults, now confined to their beds, to receive the benefit of fresh air and sunlight, during many hours of the day.

Our children's ward extends the entire length of the building. Attached to this ward are two shower baths, in which the children are washed with liquid soap, and showered with water; a means of avoiding types of infection.

Connecting the male and female wards, a diet kitchen has been constructed, giving us the means of serving all our meals to patients at the proper temperature, and facilitating the work of the nurses.

On the top floor of 1917 Madison Avenue, an operating room, constructed on the most modern lines for aseptic surgery, has been equipped.

To increase the efficiency of our work, we have equipped, in the basement of 1919 Madison Avenue, a room with all types of modern Zander apparatus, for the exercise of painful, flat and deformed feet. The room is also equipped with electric Tyrn-

auer bakers for various types of acute and chronic joint conditions. This munificent equipment has been made possible by the generous gift of Mr. Alfred M. Heinsheimer, who donated \$10,000 for this purpose. I wish to take this occasion personally to express my sincerest thanks to him.

In our room for therapeutical exercises, where weak muscles are developed and strengthened, by the patient exercising before a mirror (concentrating their minds on the physical effort), remarkable results have been obtained in Infantile Paralysis and Spinal Curvature.

The utilization of the parlor floor, in the 1915 building, which we thought would be adequate for the treatment of Infantile Paralysis cases, we now find to be decidedly too small, as we have more than one hundred cases, afflicted with this malady, which are treated daily in this department. I do sincerely hope that some means will be found to furnish space for proper care and attention to our increasing clinical material.

The remarkable increase in our clinical cases should be met with adequate space for their care, as the kind and character of the work done here at the Hospital for Deformities and Joint Diseases, differs from any other Institution in New York City, and I hope an active campaign will be started to give us such a building as will meet the increasing demand for our services.

The following figures will show the remarkable progress of the Dispensary work, during the past five years.

1907	1,212 new cases	9,471 treatments
1908	1,423 " "	15,963 "
1909	1,609 " "	16,979 "
1910	2,079 " "	25,290 "
1911	2,436 " "	29,322 "

Our acting pathologist, Dr. Isidore J. Levy, has been the only means at our command, to examine the blood and other pathological investigations, at his private laboratory. It must be pertinent to all, the need of a properly equipped pathological department, in the Hospital, to obtain the highest efficiency in differential diagnosis and treatment.

Owing to the increase of space, and the visiting of various

---

---

radiographic laboratories, in the country, and assimilating the best technique, our radiographic plates are now as perfect as is done in this class of work. I wish to thank Dr. A. S. Unger and Miss MacMillan for their painstaking efforts in this department.

There has been a need, since the Hospital's existence, of a Social Service Department, to look after the children under our care, after they leave the Institution, and more particularly to educate the parents in the simple rules of hygiene and cleanliness; to prepare proper food, and the proper adjustment of mechanical appliances.

To Miss Barden, our Superintendent, Miss MacMillan, the head nurse, and Miss Hook, our Housekeeper, I wish to extend my most cordial thanks, for their earnest and zealous efforts in the work, in their departments of the Hospital.

I wish to extend my most cordial thanks and grateful appreciation to the members of the Dispensary Staff for their generous expenditure of time and labor in the Dispensary and Hospital.

To the various members of our Consulting Staff, I wish to extend my sincere thanks for their prompt response to call in consultation.

I wish to express my grateful appreciation of the work done by Mrs. Hattie Landman and Mrs. L. Baum, in investigating Dispensary cases, so that our worthy Charity is not imposed upon by the undeserving.

The very recent purchase of Nos. 41 and 43 East 123d Street, for a Dispensary property, will place the outside clinical work in a separate building, and relieve the congestion now existing in the Hospital and Dispensary.

I wish to thank the officers and members of the Hospital for the generous financial support in the Hospital work.

Respectfully submitted,

HENRY W. FRAUMENTAHL, M.D.,  
*Physician and Surgeon-in-Chief.*

## LADIES' AUXILIARY

### Secretary's Report

The Fifth Annual Meeting of the Ladies' Auxiliary of the Hospital for Deformities and Joint Diseases was held at the Hospital building on November 15th, 1911.

The President, Mrs. Florence R. Long, in the chair, a quorum being present. The President read her report, whereupon, it was moved, seconded and carried that the same be accepted and printed in the annual report.

The Treasurer, Mrs. Minnie R. Frauenthal, presented her report, which upon motion, duly seconded and carried, was ordered printed in the annual report.

Mrs. Minnie R. Frauenthal was unanimously elected President, to take the place of Mrs. Florence R. Long, resigned.

Mrs. Emanuel Kramer was unanimously elected Recording Secretary, to take the place of Mrs. Henry Brill, resigned.

Mrs. Florence R. Long was unanimously elected Treasurer, to take the place of Mrs. Minnie R. Frauenthal, resigned.

The meeting then adjourned.

Respectfully submitted,

MRS. HATTIE LANDMAN,  
*Secretary.*

### President's Report

*To the Officers and Members of the Ladies' Auxiliary:*

The wonderful work done by this Hospital is enlisting the sympathies and material assistance of an increasingly large number of people. The Hospital has recently become the recipient of generous support from men whose life work is philanthropy and who, because they give on a large scale, give where their money will do the greatest good.

The Auxiliary is striving to meet the demands made upon it

---

---

by the growth of the Hospital. During the past year we have increased our number by forty-two members and nine patrons; but I beg you all to ask your friends and the friends of your friends to become ours.

The Hospital is no longer in the embryonic stage but has reached maturity during the five years of its existence, as our enlarged wards and enormous Clinical attendance can testify. Our sewing meetings have been unable to cope with the work required and a seamstress is constantly employed to keep the supply of linens, gowns, etc., equal to the demand. In the past year we supplied

200 Sheets,  
300 Night Gowns,  
250 Towels.

Recently we decided to uniform our children and all these garments are made in the Hospital. If only a larger number of the ladies, who so kindly assist us financially, would visit the Hospital, its urgent appeal would at once induce them to some personal service. We sew on the first and third Wednesday morning of each month in a large meeting room in the new wing of the Hospital, and they who would like to work with us and yet dread the sight of a ward, can come without seeing any patients, unless, indeed, it be the little children taking their daily sunbath on the veranda, gaining, thereby, the co-operation of Nature's greatest healer.

Before closing I wish to thank all my fellow-workers in the Auxiliary for their conscientious and single minded efforts; also our admirable Miss Barden under whose efficient management the Hospital is literally perfectly clean; only they who have seen a Clinic here, know what that means and what unceasing strength of purpose and energy go into the management of such a household. All that fresh air, cleanliness and proper food can do to prepare a patient for an operation or help him on his road to recovery is done here. It has been a joy to witness the return to health of paralysed children and suffering adults, and

---

---

whoever assists us in this great work must realize that it is a Privilege to Give.

Respectfully submitted,

FLORENCE R. LONG,  
*President.*

PRESIDENT'S REPORT

*To the Officers, Board of Directors and Directresses and Members  
of the Young Ladies' and Gentlemen's League:*

In submitting for your consideration the Report of the League during the past year, I do so with much pleasure as it shows a record of very hard and successful work. Our League is still very young, but nevertheless in a remarkably flourishing condition. This is due in great part to the earnest work of last year's officers. Every one of these worked with intense energy, and, as you all know, with marked success.

At the present time we have over two hundred members in

good standing, a very substantial balance in the bank, and the satisfaction of having turned into the treasury of the Hospital a thousand dollars. One fact that should give us all exceeding gratification is the large number of our members who have worked in one way or another for the success of the League.

During the year a number of entertainments were given. Although the League was not able to turn over as much money to the Hospital this past year as during the previous one, still we should be encouraged by the fact that a larger percentage of our members were active and that so many co-operated in making the different affairs such brilliant successes. The League owes every one of these a vote of thanks, as well as to the retiring officers who devoted so much time and energy to this very worthy charity. We only hope that during the coming year the League will continue to advance proportionately to the energy instilled into it during the last year.

Respectfully submitted,

WALTER L. EHRLICH,  
*President.*

## SECRETARY'S REPORT

*To the Officers and Members of the Young Ladies' and Gentlemen's League;*

LADIES AND GENTLEMEN:

In submitting my annual report, I respectfully leave the detail account to our President.

Our membership has increased largely during the past year and I sincerely hope that the work in this line will continue.

The League was organized to further the interest of the Hospital for Deformities and Joint Diseases, and to provide

such entertainment as will tend to promote a spirit of sociability among its members.

The League meets on the fourth Sunday of every month at Reisenwebers, where we will be pleased to see any of our friends and co-workers.

I desire to express my thanks to the Directors and Directresses, and all members of the League who have helped us at all times.

Respectfully submitted,

ARTHUR KORNFELD,  
*Secretary.*

## SPECIAL APPEAL

Through the kindness of Friends of the Hospital we have been able to purchase Nos. 41 and 43 East 123d Street, as a Dispensary site. This carries an additional burden of a mortgage of \$16,000; also an increased indebtedness will grow in the remodelling of this property.

Please interest yourself in obtaining some money towards our building fund, also, in sending in at least one member, in order to aid in the maintenance of the Hospital.
